Density kit for 0.01 mg balances	VF4601	7,800
Density kit for 0.0001 g 0.001 g balances	YDK03	4,680
Density kit for 0.01 g balances	YDK04	4,100
Filter weighing pan for 0.01 mg Balances	YFW01SQP	3,280
Weighing pan 90 mm for 0.01 mg balances	YWPO1SQP	2,460
Weighing pan 80 mm, slitted, for 0.01 mg balance	YSP01SQP	5,560
Demo box for 0.01 mg balances	YDB-SECURA-5	8,040
Demo box for 0.0001 g 0.001 g balances	YDB-SECURA	6,500
Demo box for 0.01 g balances	YDB-SECURA-P	4,340
Stainless steel weighing pan with a 50 mm diameter for balances with a readability of 0.002 mg.The set consists of a weighing pan, a low design and a high-design round pan draft shield (supplied without a balance).	VF4589	5,230
Interior glass draft shield for increasing the weighing performance of balances with a readability of 0.002 mg	YHK01SQP	6,580
Pipette calibration kit (hardware) for balances with a readability of 0.01 mg. The kit consists of a moisture trap and all required adapters	YCP06SQ	9,780
Draft shield for 0.01 g 0.1 g 1 g balances	YDS01SQP	4,200
Draft shield for 0.001 g balances	YDS02SQP	2,930
In-use cover for 0.01/0.002 mg balances	6960SE05	490
Dust cover for 0.01/0.002 mg balance	6960SE04	240
In-use cover for 0.0001 g 0.001 g balances	6960SE01	270
Dust cover for 0.0001 g 0.001 g balances	6960SE03	230
In-use cover for 0.01 g balances	6960SE02	270
Ionizing blower for electrostatically charge of samples	YIB01-OUR	14,960
Stat pen, for neutralize static electricity on samples	YSTP01	16,400
Weighing table, made of wood, with decoupled centered granite plate	YWT09	21,000
Balance table, made of granite, with vibration dampeners	YWT03	22,980
Wall console for micro, analytical and precision balances	YWT04	15,540
Coronary stent holder for Secura26, Made of High-grade Titanium	YSH11	3,500
Save-Lock tubes holder(1-2ml), for Secura26,	YSH16	2,430
Save-Lock tubes holder(1-2ml), for Secura/Quintix Semi-micro balances, Made of High-grade Titanium	YSH17	2,610
Save-Lock tubes holder(5ml) for Secura26, Made of High-grade Titanium	YSH20	1,750
Save-Lock tubes holder(5ml) for Secura/Quintix Semi-micro balances, High-grade Titanium	YSH21	2,610
Vials holder. for Secura26, Made of High-grade Titanium	YSH24	2,610
Vials holder, for Secura/Quintix Semi-micro balances, Made of High-grade Titanium	YSH25	3,420

Accessories for CPA and BSA models

	Order No.	Price in RMB
Data Printer	YDP20-OCE	4,370
Paper Rolls, 5 units, each with 40 m	6906937	180
Ink Ribbon Cassette	6906918	200
Battery Pack for Standard Lab Balances	YRB11Z	2,320
Data Cable RS232 USB	YCC01-USBM2	1,470
Density Kit for 0.0001 g balances	YDK03	4,680
Second display, backlit LCD, character height: 15 mm	YRD03Z	3,310
Ionizing blower for electrostatically charge of samples	YIB01-OUR	14,960
Stat pen, for neutralize static electricity on samples	YSTP01	16,400
Weighing table, made of wood, with decoupled centered granite plate	YWT09	21,000
Balance table, made of granite, with vibration dampeners	YWT03	22,980
Wall console for micro, analytical and precision balances	YWT04	15,540
Data cable, RS232 25-pin 9-pin; length approx. 1 m	69Y03130	130

Accessories for all Balances

	Order No.	Price in RMB
Data printer, verified for use in legal metrology; with date, time, statistics and transaction counter functions	YDP20-OCE	4,370
Paper rolls, for YDP20-OCE; 5 units, each with 40 m	6906937	180
Ink ribbon cassette, for YDP20-OCE	6906918	200
SartoriusWedge, software for data communication between balance and PC	YSW02	3,740
Balance table, wood with synthetically stone plate for precise, reliable weighing operations	YWT09	21,000
Balance table, cast stone, with vibration dampeners	YWT03	22,980
Wall console for micro, analytical and precision balances	YWT04	15,540
Hand switch, incl. T-connector	YHS02	2,820
Foot switch, incl. T-connector	YFS01	3,310
Ionizing blower, for electrostatically charged sample	YIB01-ODR	14,960
Stat pen, unit to neutralize static electricity on samples (100 V to 230 V, 50 60 Hz)	YSTP01	16,400
T-connector, for connecting two peripheral devices to the balance	YTC01	2,450
RS-232C USB Interface cable, for connecting the balance to a PC with USB port; length approx. 2 m	YCC01-USBM2	1,470
RS-232C Interface cable, for connecting the balance to a PC with 25-pin com port; length approx. 2 m	7357312	1,670
RS-232C Interface cable, for connecting the balance to a PC with 9- pin com port; length approx. 2 m	7357314	1,520

Pipette calibration

Multi-channel	Order no.	Price in RMB
Multi-channel balance	SpeedCal	on require

Single-channel	Order no.	Price in RMB
Pipette calibration set,hardware; for CPA225D,ME and CPA analytical balances (not ME5 and ME36S). Consists of glass evaporation trap and all	YCP04-HW	9,780
Pipette calibration set for ME36S,consists of:		
hardware set	YCP04-HW	9,780
connector	VF3677	2,600
Calibration software:	840FP	
Quanta Cal		13,000
Quanta Lab		35,000
Quanta Pro		48,000
